MESSAGE

Since its inception as Anti-Corruption Branch on 2nd February, 1976 and its subsequent upgradation to a Bureau in 2008, the Anti-Corruption Bureau has, as its name implies, been combating corruption and malpractices, thereby ensuring that accountability is maintained within the Legal framework.

However, the public had very little or no information about the activities of this Bureau made available to them hitherto. It is, therefore felt that the public should be made aware, in the form of an annual publication, of its activities in order to strengthen our combined efforts in combating corruption. Hence this Annual Report.

Subsequent publications will follow this pioneer edition annually.

TOP FIVE DEPARTMENTS/ORGANISATIONS BY NUMBER OF CASES REGISTERED (2010–2026)

An analysis of cases registered by the Anti-Corruption Bureau, Mizoram from 2010 to 2026 indicates that certain Government Departments/Organisations accounted for a comparatively higher number of complaints, enquiries, and criminal cases during the period under review.

The data reflects the departments/organisations in which allegations relating to corruption, irregularities, misuse of official position, financial impropriety, and procedural violations were more frequently reported and investigated by the Bureau. The higher number of cases in these departments may be attributed to the nature of public works, implementation of development schemes, financial transactions, procurement activities, and extensive public interface.

Among all Departments/Organisations, the Chakma Autonomous District Council (CADC) recorded the highest number of cases with **11 cases**, followed by the **Village Council (VC) with 9 cases**. The **Mizoram PWD** accounted for **6 cases**, while both the **Lai Autonomous District Council (LADC)** and the **Rural Development Department** recorded **5 cases each** during the period from 2010 to 2026.

The statistical position of the top five departments/organisations by number of cases registered is presented below:
